

DSC
When Safety Matters

Integrated Safety & Security Systems. Simplified.

Design, installation and maintenance of fire, security and communications systems for commercial and industrial facilities across Texas.

All Systems. One Partner.

Fire Alarm Systems

Engineered, code-compliant systems for commercial & industrial facilities.

Video Surveillance

Cameras, mounts, recorders, and VMS solutions & cloud-based solutions.

Access Control Systems

Secure, manageable entry systems designed for safety, compliance, and convenience.

BDA/Emergency Radio

In-building radio amplification that keeps first responders connected when it matters most.

Communication Systems

Paging, intercom, and distributed audio solutions that keep teams connected across every facility.

Structured Cabling

The connected backbone that supports and unifies every DSC-installed system.

Built Around Your Facility's Real Demands

Hospitals, campuses, and large commercial buildings can't afford downtime, uncertainty, or disconnected systems. DSC helps facility managers simplify safety and compliance by delivering fully integrated systems — designed, installed, and supported by one accountable partner.

Support That Extends Beyond Installation

Every DSC system comes backed by a dedicated service and maintenance team. From preventive inspections and testing to rapid repairs and 24/7 monitoring, DSC keeps your systems compliant and operational year after year.
