

Trusted Across Texas. Proven Since 1978.

For decades, DSC has delivered integrated life safety and security systems built on reliability, precision, and a commitment to doing the job right the first time.

Our Commitment to You

When you work with DSC, you gain more than a systems provider—you gain a team that stands behind every project with accountability, expertise, and long-term support.

Industry Leading **Life Safety & Security** for Modern Facilities

Trusted by Texas businesses since 1978 to protect people, property, and productivity.

Design • Installation • Integration • Support

Complete Life Safety & Security Solutions — Built for Construction Requirements

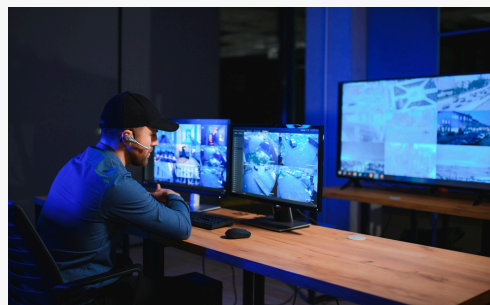

Your projects depend on partners who understand schedules, inspections, and coordinated work. DSC designs and installs fully integrated systems that keep construction moving and meet every code requirement without delays.

All Systems. One Partner.

Fire & Life Safety

Code-compliant installations engineered for smooth approvals.

Video Surveillance

Cameras, recorders, mounts, and VMS solutions that integrate cleanly with design requirements.

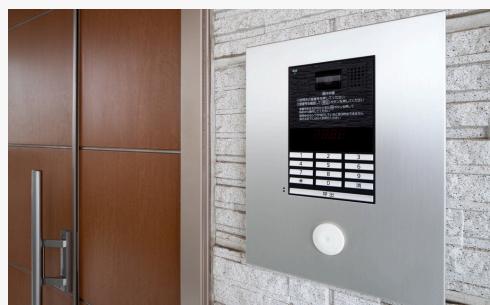

Access Control

Simple, scalable entry systems planned early to avoid rework.

BDA/Emergency Radio

In-building coverage solutions installed and tested to meet IFC/NFPA standards.

Communication

Paging, intercom, and audio solutions that align with project division work.

Structured Cabling

The infrastructure backbone supporting all low-voltage disciplines.

Designed for Precision. Delivered Without Delays.

Contractors need partners who help the project move—not slow it down. DSC coordinates drawings, submittals, inspections, and commissioning to keep work on schedule and reduce surprises.

What You Can Expect:

- One coordinated low-voltage team that reduces overlap and change orders.
- Clear drawings and submittals delivered quickly and accurately.
- Smooth inspections with AHJ coordination handled for you.
- Clean, professional installation that reflects the quality of your build.
- Responsive communication with updates that keep superintendents informed.
